## POPULAR USES:

- Automotive
- Marine
- Decorative
- Color Matching
- Texture Effects
- Home Improvement
- Cabinetry
- Craft and Hobby
- Industrial/Professional Contractors
- Furniture
- All Surface Touch-up
- Beauty Care
- Artists

The vFan Portable Airbrush System sprays latex, water-based, solvent-based paints, coatings, dyes and stains. It is ideal for fine-detail touch-ups, immaculate shading techniques and results in almost no overspray.

- Multiple spray tips included for fan and hairline detail.
- Incredible atomization provides a perfect finish with even coverage.
- Precise spray cuts down masking times, sanding and clean up.
- Dusting, cleaning and drying attachments included.
- Offers the ultimate in portable convenience: The vFan includes two compressor units of 150 Feet of ENERGY for quiet and mobile airbrushing power. Also works with most workshop compressors.
- Ready to use, with an air hose, vFan Airbrush, 2 compressor units and more. Comes with a 6-oz. glass paint jar and attaches to 1-oz. and 3-oz. paint cups to meet EPA industry regulations.
- Constructed with Teflon™ materials to protect against solvents.
- Other accessories are sold separately, including additional adaptors and quick disconnect.
- 1-year warranty included.

## SYSTEM INCLUDES:

- The vFan Airbrush
